

# LHS Seniors 25-26

## Welcome to Senior Year!

Welcome to the beginning of your Senior Year!

Let me know if you have any questions! For any transcript requests, just send an email to [littrellk@leonardisd.net](mailto:littrellk@leonardisd.net). If they request an official transcript, it needs to be sent by the school or sent via mail in an official sealed envelope.

Applying for college, trade school or enlisting in a branch of the military might seem stressful, but I'm here and available to help guide you along the way! I want to make the application process as easy and stress-free as possible! If you have any questions, please feel free to stop by, email, or call anytime. Remember that the easiest way to figure something out (besides Google) is to ask. All colleges, universities, and trade schools work independently, so please use your school's webpage for the most accurate information about the application process.

# Personal Email

It is imperative that you use your personal email address on anything that you will need AFTER high school! Your school email will expire a year after graduation. You can always forward your emails to your personal email, but just remember you are still responsible for checking your emails daily (Both school and personal). Also, make sure you are using an email that you would be okay sending to someone you respect! Companies consider this when hiring, selecting scholarship recipients, and even determining whether to accept you into their program!

👍 Good email: johnsmith@gmail.com

👎 Bad email: hottboy2022@gmail.com

# Username & Passwords

## **Save your login and**

**passwords!** I can't stress this enough! It's very frustrating when you get ready to start working but have to spend 10 minutes resetting your password because you didn't save it somewhere secure!

Neither Mrs. Littrell nor Mrs. Pam (or anyone else at the school) has access to outside accounts like college board, FAFSA, ApplyTexas, CommonApp, your email, etc. **You** need to remember or save them.

# Memorize Important Numbers

Learn your Social Security Number. This is a number you will have to use over and over again. It should be kept in a very safe, private place where others don't have access to it. You also need to memorize your address (both mailing and physical if different) and your parent's full names.

# Financial Aid Graduation Requirement

**You MUST** do one of the three things:

1. Complete & submit a Free Application for Federal Student Aid (FAFSA)
2. Complete & submit a Texas Application for State Financial Aid (TASFA)
3. Submit a signed opt-out form
